* Though our field trip curriculum is developed to be adaptable to different grades we find that it is most beneficial for the students if there are no more than two consecutive grade levels in the gallery or studio at one time. This allows our volunteer docents to engage with the students at the appropriate grade level without leaving anyone out. **It is not recommended to have more than three grade levels represented during a visit.**

** The CAC offers conversation-based field trips. We ask that homeschool groups be sure to have at least 12 students for their visit. One caregiver per family will receive free admission. Any additional adults will be charged the regular admission rate.
